

ITS FLORIDA TECHNICAL COMMITTEE 2022 3rd QUARTER MEETING NOTES July 18, 2022

The Technical Committee met with multiple members attending in person at Transpo 2022 in Bonita Springs and two attendees via teleconference.

ITS Florida President and Technical Committee Co-Chair Craig Carnes opened the meeting and reviewed the items available to the Committee on the Website (itsflorida.org including Membership information, Events Calendar, Job Postings, etc.). Unfortunately, the Tech Forum is temporarily unavailable, but the website is in the process of being updated so that there is a drop down available for Technical Committee agendas and meeting notes.

FDOT's Derek Vollmer was unable to attend the meeting but shared the following TERL Approvals since our last meeting:

Intelight/Q-Free Controller NEMA TS2-2	XN-2	671-017-015
smartmicro TRUGRD Stream	TRUGRD Stream	660-018-010
Miovision Core DCM + SmartView 360 Camera	NA-MIO-CTM-DCM-V1	660-015-047
BlinkerBeacon	2180	700-026-026
Pelco Products Raised Camera Mount	SP-1137-FL	659-040-001
BULK-SHIELD	BULKU 1324-18, BULKU 1730-18, BULKU 2436-24	635-001-076
Intelight/Q-Free Controller NEMA TS2-1	XN-1	671-016-015
Axis Q6315-LE PTZ	01925-004	682-002-021
BlueTOAD, Spectra RSU	Spectra CV	IPL Product
Ethernet-to-Fiber Media Converter	IMP-C1000-SFP-bt-T; IMP-C1000-SFP-bt-24-T	684-005-005

FDOT Specifications are available to be reviewed by Industry members at the following website URL: <https://www.fdot.gov/programmanagement/implemented/industry/industry-review> Technical Committee Members are encouraged to review and provide comments to the Department by the respective due dates.

Fred Heery stated that FDOT Connected Vehicle specifications will need to be updated by Raj Ponnaluri because the Federal standards just changed.

Tahira Roark asked if the Department will be updating EV specifications. Fred Heery noted that unfortunately, there is a large project letting related to EVs so the Department is in the cone of silence and could not answer the question.

An in-person member noted that the BlueTOAD RSU approval from TERL is for the Innovative Product List (IPL), because there are no current RSU Specifications.

The next meeting will be scheduled for early October.

NOTE: Please remember that this committee is for the benefit of all ITS Florida member organizations, companies, and individuals. These meetings will be held in a manner that provides knowledge and encourages discussion of industry related topics. Solicitation of products is discouraged, as is, any negative comments regarding a company or their product/services.
