

**Meet an Expert**

Our featured expert this month is Mr. James Reynold, P.E.

James is Vice President, Southeast Regional Manager for Telvent, Inc.

Jim Reynold provides oversight of the southeastern U.S. region's intelligent transportation system practice. He has served as Principal in Charge or Project Manager for planning, design, implementation and O&M projects involving traffic control and freeway management systems. Jim is currently serving as the principal-in-charge for projects including the Florida DOT's Palm Beach County Interim Traffic Management System, Daytona Area Smart highway System Design-build, Southwest Florida ITS Operations, and as statewide Telecommunications General Consultant.

Mr. Reynold earned a Bachelors Degree in Civil Engineering from the University of Florida, has 32 years of experience and is licensed as a Professional Engineer.

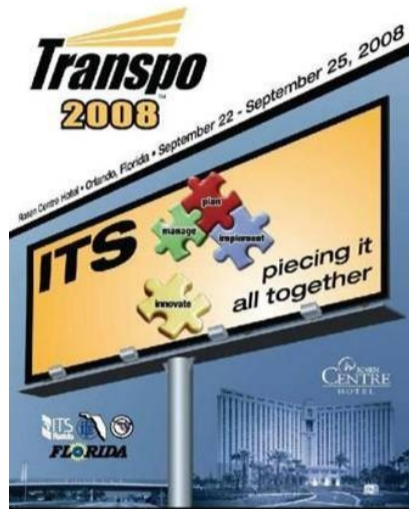

You may contact [James Reynold](#) to make specific arrangement for your next event. For more information on these projects visit this [link](#) for a summary.
