Company Profile

American Signal Company (AMSIG) is a manufacturer of a comprehensive line of traffic control & advisory products. The wide range of products include changeable message signs, portable and permanent, highway advisory radio, smart work zone systems, emergency notification systems and various turnkey intelligent systems.

AMSIG embraces the latest in technology fully supporting the most current of NTCIP communications. All of our changeable message sign products, while manufactured with individual and unique features, share a common background with respect to parts, programming protocol, and operational features. This commonality among products assures that quality and cost-effectiveness are never compromised regardless of which AMSIG product best meets pertinent operational requirements and purchasing constraints.

AMSIG has secured many State and Federal contracts to offer products to public agencies, such as Departments of Transportation and municipalities. If you are interested in any of our products please contact our sales department at 770-448-6650 ext 53 for further information.
